Marijuana

(Continued from page 1)

County."

At Tamayo's property, said JOINT, an underground grow site smaller than the one in Selma was discovered. As well, officers found approximately 50 growing marijuana plants. Conn's property did not yield a grow site, but officers developed information associated with the investigation and a small amount of the illegal weed.

Denham and Tamayo are current Oregon Medical Marijuana cardholders, said JOINT. The Oregon Medical Marijuana Medical Program authorizes them to possess no more than seven marijuana plants and one ounce of dried marijuana for personal medical reasons only, JOINT said.

The search warrant services Dec. 11 were conducted in a coordinated effort, with officers arriving simultaneously at the three homes.

Another grow site was raided by JOINT and Drug Enforcement Agency (DEA) detectives on Saturday, Dec. 13 in Hugo, a few miles north of Grants Pass. Again, there were no arrests, but 1,940 growing plants were confiscated. The site measured some 50-by-50-feet and contained four chambers, all in operation, said JOINT.

In addition, a 12-by-20-foot above-ground structure, used for drying and packaging marijuana, was found. Listed in connection with the search warrant service is Bruce Hattrick, 36, of 4825 Joe Creek Road.

Agencies assisting JOINT Dec. 11 were Josephine County Sheriff's Office, DEA, Regional Organized Crime Narcotics Task Force, Jackson County Narcotics Enforcement Team, Oregon Air National Guard, Oregon National Guard, Oregon State Police, Grants Pass Police, Oregon Dept. of Justice, and U.S. Forest Service.
