Co-owner of Holiday Motel with wife, Mildred Lived in valley: 26 years in Kerby Age: 83

Volunteer on: Rogue Valley Area Commission of Transportation, Illinois Valley Chamber of Commerce, Illinois Valley Fire District Board

How did you become the owner of Holiday Motel? We moved out to Illinois Valley in September 1978 and bought the motel for something to do. I have seen a lot of people retire that don't live long because of inactivity. I like to be active all the time.

Do you enjoy running the motel?

We reach a lot of nice people in the motel. We have people from all around the world that stay with us, like India and Israel. They're always inviting us to come visit them over there.

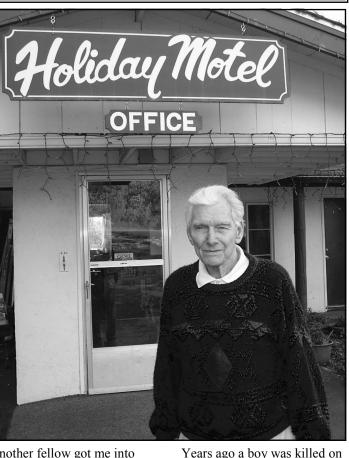

Is it true you helped start the I.V. Christmas Parade? I was the one that started the parade with "Chips" Combs. That first year, about 10 years ago, I organized it myself. Combs said we should get a high school and middle school band and Santa Claus to help light the town Christmas tree.

You seem to be a big supporter of community spirit? Somebody has to do it. People in this area are lowincome and there are not many jobs. We have to depend on volunteers.

How did you get involved with the fire board?

I was originally appointed by the county commissioners. I stayed on because the people are really nice and I want a good fire district. We need to encourage people to volunteer for the fire district. We owe them a great deal for the risks they take protecting us.

Are you involved with the service clubs in the valley? My son, Jim, got me involved in the local Lions Club and

Redwood Hwy. at Laurel

Road and his mother came to

Rumor has it you're a good golfer. Do you still get a chance to play much golf? You have to practice a lot to play golf and I'm so busy. The golfers here are nice, hard-working golfers. We wouldn't have a golf course if it wasn't for volunteers. It's wonderful for a community this small to have a golf course.

People may have heard that you had a stroke this year. How is your health?

I had two strokes in August. I lost my voice and had to go to a speech therapist. The only thing that was affected was my voice. I thank the Lord for that.

much larger city, is 27cents. (Rates for other exchanges in the region can be viewed a t www.notoll.org.)

While public response has been "largely positive," said Christina Smith, an administrative law judge with PUC, "There is some concern in more rural areas where there are fewer people to spread the costs around."

She cited as an example the community of Prospect, 45 miles northeast of Medford, which would see a difference of \$5.80 per month between its current rate and the proposed rate. After weighing the

costs and benefits, it is possible that an exchange may decide not to join the plan, but the PUC will make the final decisions about which exchanges will be included, and which may opt out. Exchanges permitted to opt out may face difficulty attempting to join the EAS region at a later date, and will not be able to take advantage of the flat rate.

If implemented, the plan would take effect by Oct. 2, 2004.
