

EMERGENCY AWARENESS - Illinois Valley Fire District Volunteer Firefighters De Spellman and Many Smiles were at Dome School in Takilma Thursday, Feb. 5 demonstrating extrication equipment and procedures. The program, which is available to all schools, is designed to alleviate fears children may experience during an emergency. Many Smiles donned her turnout protective clothing and breathing apparatus

to show the youngsters what a firefighter responding to an emergency would look and sound like. Approximately 15 Dome School students and teachers observed the presentation, which lasted more than an hour. The children were shown emergency procedures and were given first aid kits, coloring books, helmets, evacuation plans for their homes and safety belt contracts. (Photos by Michelle Binker)
