There will be an executive meeting at noon, followed by coffee hour at 12:30 p.m. The club meeting starts at 1 p.m.

For details, phone 592-2941 or 592-4257.

Book DiscussionGroup
Illinois Valley Branch Library's book discussion group, Reading, Eating and Discussing (READ), is reading "Chocolat" by Joanne Harris this month—a valentine treat.

READ selects books from within the Josephine County Library System, so there is no cost to participate. "Chocolat" tells the story of a woman who opens a chocolate shop on a small French town's square, and the changes her confections to bring to the townspeople "...a new and delicious shape to the eternal struggle between good and evil," said one reviewer.

READ meets at 5:30 p.m. on first Wednesdays in the back room of the I.V. Senior Center at 520 E. River St. in Cave Junction. The next meeting will be March 3.

For more information phone 597-2007.

American Legion Auxiliary

The American Legion Auxiliary has many programs we work on throughout the year.

This year our main Community Service project was to "adopt" Evergreen Elementary School and help with school supplies. This went beyond school supplies, as we also provided new shoes, clothing, and toiletries.

Our program expanded to I.V. High School and Lorna Byrne Middle School, bringing new shoes to students there too.

Other community projects in which Auxiliary members participated are: volunteering at the Senior Thrift Store and Family Coalition by Junior members; working in church nurseries; placing flags at the cemetery on Memorial Day; teaching the Flag Folding Ceremony to school children; donating a classroom flag; and teaching school children about veterans

On Veterans' Day and Pearl Harbor Day the Auxiliary Color Guard was at CJ City Hall to honor veterans by placing a wreath on the I.V. Veterans Memorial.

We support the drug-and-alcohol-free all-night grad party for IVHS, give a scholarship and send at least one girl to Girls State.

Through our Poppy Sales Program we educate our children about our veterans and the sacrifice they made and are continuing to make for our great country. All money made from our poppy sales goes into a restricted fund to be used for veterans affairs and rehabilitation.

Our small unit in Cave Junction has this year sent 73 afghans and 59 lap robes to V.A. hospitals in Portland, Roseburg and White City, as well as clothing contributions and gifts for the Christmas gift shops in Roseburg and White City.

We appreciate everyone in our community who has supported our organization.

The Savvy Senior By CAROL MARTIN

As members of Congress worked toward agreement on a Medicare prescription drug benefit, a new survey of senior citizens indicates the importance seniors place on providing coverage of oral anti-cancer therapies.

Commissioned by The Seniors Coalition (TSC), the nation's leading free-market senior advocacy group with more than four million supporters, the survey of 500 seniors, age 65 and above, shows that nearly nine in 10 believe it is important that cancer medications in pill form be covered under Medicare. Furthermore, when asked to choose one illness or disease for which prescription drugs should be covered under Medicare, 32 percent said cancer.

The Medicare prescription drug benefit will not take effect until 2006.

The Seniors Coalition, along with some members of Congress, are fighting to give seniors with cancer immediate help by covering all oral anti-cancer drugs through a transitional measure.

The Medicare Rx bill currently contains a small demonstration project that would only allow coverage for a limited number of seniors.

As an indication of the serious impact the lack of a Medicare drug benefit has on seniors, approximately one in six surveyed have denied themselves medication prescribed by their doctor, or taken medication in smaller doses less often or for a shorter time than pre-

scribed, in an effort to save money. With over 35 million seniors in the United States, this means more than 5.9 million are not taking their prescription drugs as their doctors have prescribed. For patients with a potentially fatal disease like cancer, this could be a life and death decision.

Medicare already covers many cancer drugs because providers, such as physicians and hospitals, administer them by injection or intravenously.

However, patients requiring newer, more effective oral anti-cancer treatments for diseases including leukemia, lung cancer and myeloma, as well as several drugs for the treatment of breast and prostate cancer, are not covered.

promotion, landfill closure issues, and state regulatory issues.

The agreement has an eight-year "rolling" franchise term, which means that should the city decide to opt out of the franchise, the contract would expire eight years after the date of that decision.

The city council will consider the issue further before deciding whether or not to join.

In other matters of solid waste, concern over "dog deposits" on city streets and sidewalks prompted the council to hear an ordinance requiring those responsible for an animal to pick up where the critter left off.

Barely suppressed giggles and snickers were

heard as City Recorder Jim Polk gave the first reading of the ordinance, which amends municipal code and reads in part:

"The owner or person in charge of any animal shall be responsible for the removal of fecal droppings left by that animal on a sidewalk, any other public property, or on premises other than that of the owner or person in charge."

Based on a complaint, an officer would have to write a citation for the offense. The case would then be heard in Cave Junction Municipal Court.

The maximum fine for such an offense is \$300 plus court fees. Each day the situation is allowed to continue would be counted as a separate offense.

Most people are like mirrors, reflecting the moods and emotions of the times; few are windows, bringing light to bear on the dark corners where troubles fester. The whole purpose of education is to turn mirrors into windows. - Sydney J. Harris -
