show at Lorna Byrne Middle School; and participation in several area art events

The RCC Belt Bldg. in Kerby offers a quiet place for anyone to discuss and critique art, work on their latest masterpiece, or simply relax and enjoy the company of other artists.

Pat Hammer, president, said, "It's just a nice and quite place to come work and gather ideas."

Anyone can attend Mondays from 10 a.m. to 2:30 p.m. in the RCC Kerby Belt Bldg.

ior Olympics, as well as several honorable mentions in California art shows.

Her artwork has been displayed in the Fisk Museum Auditorium in San Bernardino, Calif. She studied under various artists in California and attended Rogue Community College in Medford.

Artwork by Micheila Drummond will be displayed through March at Sterling Savings Bank in Cave Junction.

Fire district gains 'shock box' grant

By SHANE WELSH

"Shock in a box" may soon be shocking the Illinois Valley.

Illinois Valley Rural Fire Protection District will receive a \$7,600 grant for the purchase of four "shock in a box;" Automated External Defibrillator (AED) units.

Interim District Fire Chief Jeff Gavlik, announced the approval of the grant during a Feb. 19 meeting of the I.V. Fire District Board of Directors.

"It's what all fire departments are using on their trucks," said Chief Harry Rich.

The AED is basically a portable battery with two electrodes for use during emergency cardiac defibrillation.

The compact units are smart and simple to use. They tell the rescuer where to place electrodes, when to perform CPR, when to hold CPR, and the patient's pulse.

AEDs are commonly found in airports so that anyone, regardless of training or medical expertise, can administer emergency CPR using the device.

The AED will provide emergency crews portable defibrillation for use in rescue and duty officer vehicles.

Currently, the district is researching what units will best fit the departments needs.
