Slow signal causing ire

Perhaps it’s an opportunity to practice patience, but for some valley drivers, it’s simply intolerable.

Some drivers, faced with what some call an interminably long wait for a signal to make a left turn from southbound Redwood Hwy. onto Caves Hwy., have taken matters into their own hands -- legally or otherwise.

While a few have sought alternate routes around the intersection, others have been seen cutting through an adjacent parking lot to avoid the long wait, or are simply “blowing through” the red signal.

Cave Junction City Councilman Rita Dyer has received a flurry of calls from drivers who share her annoyance with the signal’s timing system, which can leave a driver waiting for up to two minutes, even if there is no oncoming traffic.

Dyer has recommended that irate drivers contact Oregon Dept. of Transportation (ODOT), with complaints about the signal at (541) 474-3149.
