

Ten minutes with ...

... Bryan Thompson, Takilma

Where are you from?

I was born in Turlock, Calif. I graduated from IVHS in 1996, after my parents, Rob and Patti Thompson, moved me and my younger sisters, Angela and Jennifer, here. I was very involved in the sports program; track and cross-country. I ran the 150-, 800- and 3,000-meter races, and went to state competition for the 3,000 meters. My highlight was cross-country though. I took district my senior year for cross-country for the 5K run.

What do you do for a living?

My junior year in high school, I joined the Army National Guard and got to go to Bosnia for nine months and filmed documentary-type stuff. We traveled all over. In Sarajevo, I met a Christian group that was shot at, which gave me a totally different perspective on things. After I graduated from George Fox University in Newberg, Ore., I was able to travel around the world for five months shooting video productions. I also have focused on studies in Christian ministry; what the faith is all about and what is going on all over the world. OMS International sent me around the world to film because of the "video resume" I had made filming in Bosnia. I also just went to Africa.

How did you end up going there?

In March, I met a man in Portland with OMS who asked me to produce an updated video. I traveled to Rwanda, Cameroon and Mozambique in South Africa. I filmed local people. I followed them around, played soccer or "futbol" with them, and hung out with them. "Futbol" is huge there. I was thankful because we regularly play indoor soccer at Takilma Bible Church. I was happy to have practice so I could play with the guys in Africa; they are pretty good.

Were the towns and people much different than here?

I didn't know what to expect. I prayed God would give me a true perspective on what Africa was really like. We flew into the capital city of Cameroon. We then drove way up north into very rural communities with huts. There was no running water. At most, the kids would pull buckets of water out of wells. I looked down into one of them, and there were soccer balls and lots of other things floating in the muddy water. They don't have many churches; most just meet outside if they have to. We arrived in Rwanda three days after a genocide memorial was dedicated. Since there were a lot of reporters there, even in the guest house I stayed in, I kinda' felt at home.

Other than traveling the world, any hobbies?

I like to surf. I've gone to South Beach in Crescent City. I also got to surf while in Africa, that was cool. I also like to mountain bike and rock climb. Smith Rock, outside of Bend, Ore., is a good one to climb. Yosemite National Park is fun too. Climbing Mt. Everest was a goal once upon a time. I also coordinate the youth ministry at Takilma Bible Church. I like working with kids and seeing them come to understand their potential.

What is your favorite flavor ice cream?

Mint chocolate chip. I like to add a little milk so it crystallizes the ice cream.
