## Questions and Answers by Christina Snell Executive Director at Lovejoy Hospice

In an effort to help you to be better informed about hospice care in our community, Lovejoy Hospice produces an informative question and answer column each month. Look for our column printed on the fourth Wednesday edition of the 'Illinois Valley News.'

**Question:** "I was told that hospice puts a lien on people's homes. Is this true?"

Answer: Hospices do NOT put a lien on a person's home when they sign up for hospice services. During the enrollment procedure, the hospice social worker discusses any areas of financial concern as well as caregiving issues that the family may have. They look for ways to resolve these concerns and issues without creating an additional burden for the family survivors. This may include accepting help from Senior and Disability Services, Oregon Health Plan, church family, or neighbors. The choice to accept any service remains with the patient and their family.

If you have a question about hospice care for the column, please phone (541) 474-1193 or 1(888) 758-8569 or Email me at: christina@lovejoyhospice.org
