Questions and Answers by Christina Snell Executive Director at Lovejoy Hospice

In an effort to help you to be better informed about hospice care in our community, Lovejoy Hospice produces an informative question and answer column each month. Look for our column printed on the fourth Wednesday edition of the 'Illinois Valley News.'

Question: "How did hospice get its start in our community?"

Answer: In 1981, Lovejoy Hospice started with an all-volunteer team who desired to fulfill Jean Lovejoy's dream of providing supportive end of life care to anyone who was dying in our community. One of the founding principles was "one neighbor helping another". Following accredited by the Oregon Hospice Association, Lovejoy achieved Medicare certification in 1992 that enabled the expansion of services. This holistic expansion of hospice care includes services that address not only the physical but also the emotional and spiritual symptoms at the end of ones life.

If you have a question about hospice care for the column, please phone (541) 474-1193 or 1(888) 758-8569 or Email me at: christina@lovejoyhospice.org
