RCC Job Fair set April 14

More than 20 regional employers will participate Thursday, April 14 in Rogue Community College's 2005 Job Fair on the Redwood Campus in Grants Pass.

Scheduled from 11 a.m. to 2 p.m., the Job Fair is designed to provide students opportunities to explore local career and job opportunities with community businesses.

The new event also will offer employers a chance to introduce their businesses, or organizations to students. Businesses set to send representatives include Costco, Lithia Auto Centers, United Parcel Service, and Blue Cross/Blue Shield.

"We hope to provide an opportunity for our students to meet local employers and to explore career options in their fields of interest," said Laurie Rydell, director of Student Employment Services.

"We also wish to provide them connections for part-time or summer work while they are attending classes and to interview for current job openings employers may have," she concluded.

Mercury-free gauges for dairy farms available

The Oregon Dept. of Environmental Quality (DEQ) is teaming up with statewide dairy and agricultural organizations to replace mercury manometers used on dairy farm milking operations with more environmentally friendly digital vacuum gauges.

The program, which is on a first-come, first-served basis, promotes the proper disposal of mercury-containing, pressure-measuring devices to reduce the amount of mercury that can harm humans and the environment.

Under the program, provided by a U.S. Environmental Protection Agency (EPA) grant, participants can receive $300 toward the purchase and installation of a mercury-free digital vacuum gauge.

Force may make hypocrites, but it can never make converts.
