SAR 'Citizens Academy' 2 weekends in October

There is room for 40 students in the four-day Josephine County Sheriff's Patrol Search & Rescue Unit "Citizens Academy."

It is scheduled for two consecutive weekends: Oct. 1-2, and Oct. 8-9. The academy will be held at the SAR facility at 250 Tech Way in the North Valley Industrial Park in Merlin from 9 a.m. to 5 p.m.

The curriculum will provide a thorough introduction to SAR, meeting the state's minimum training requirements.

The academy will cover map and compass, global positioning systems, man-tracking, wilderness survival, radio communications, search techniques, first aid/CPR, cold weather emergencies, helicopter safety, crime-scene preservation and a variety of other subjects. The academy is open to all interested citizens at $5 per student.

Students must be at least 14, with no maximum age, and no prior experience necessary.

Academy graduates will qualify for membership within the Josephine County SAR Reserve. Reservists are activated for large-scale searches, supplementing active-duty SAR personnel.

The Reserve program is a recent addition to the county SAR Unit. Current plans call for a target Reserve pool of 100 members , with an estimated six to 10 activations annually.

Academy graduates wishing to be considered for active-duty SAR membership may apply at the conclusion of the course. The application process includes a background check, a moderate physical fitness test, and an interview process.

For those accepted, there is a trial service period, additional required training, and minimum attendance requirements.

Active-duty SAR members also receive training on a variety of snow craft, watercraft, and several types of specialized off-road vehicles. Advanced training is available for qualified members wishing to participate in rope and wilderness rescue, in conjunction with American Medical Response's Ranch and Treat (RAT) team.

There also are specialty sub-units of SAR. They include a K-9 search team, a swiftwater rescue team, and an urban SAR team, trained for structural collapse rescue. SAR also sponsors an Explorers post for those 14-20.

SAR is an all-volunteer unit, funded entirely through community donations and grants.

It is the primary search agency for the county, and actively participate in a variety of rescues and large-scale emergencies, as well as numerous community events.

O'Brien Country Store new owners enjoy valley

By CHRISTINA HILL
Correspondent

After the closing of a real estate transaction earlier this year, an old, familiar place has been graced with new faces.

But new owners haven't stayed strangers long.

Jimmy and Salina Su, previously of Sacramento, purchased the O'Brien Country store from Gary and Ethel Moore, who operated the store for more than 22 years.

"My wife looked in a real estate booklet and saw this store for sale, and we thought it looked interesting," said Jimmy. "So we came up and looked at it, loved it and decided to buy it. We didn't plan it.

"We weren't even looking to do something like this. It just happened," Jimmy explained.

"I had two properties in Sacramento that went up a lot in value, so we did a 1031 exchange," he said, "and we were able to get into this property. I figured with the business, I'd be able to slow my life a lot."

While their busy schedules may have slowed significantly, Jimmy said that he and Salina were very much occupied with getting settled in.

"We've been pretty busy," he said. "We just wake up, open the store, work all day, and then go to sleep. There's living quarters upstairs.

"We have two employees; and my wife and I work full time. We didn't let anyone go, and we're not adding anyone anytime soon, either. We're keeping everything just the way it is for now," Jimmy said.

JIMMY and SALINA SU

For this young couple, buying the store has been a life-changing experience, they said.

"I was working 15 to 16 hours a day, seven days a week," said Jimmy. "We were both working two jobs. Moving here made it possible for us to slow down our lives and start a family. We love children and want to have a lot of kids around," Jimmy said.

Other than adding some children to the scene, they plan on keeping everything at the landmark store just the way it is.

That's because the reasons they fell in love with the business in the first place include a railroad caboose, 1950s police car and the 1929 post office inside the store.

"We just mainly loved the store," said Jimmy. "But for me it was the fishing pond that's hidden away. For my wife, it was the small town where we can start a family."

Fishing in the pond is something Jimmy never would have had time to do before, he added.

Since he was 18, he's worked concurrently a minimum of two jobs and a maximum of four jobs. At one point or another, he was running his father's chicken farm, working for UPS, Albertson's, Ralph's, a mini-mart and doing odd jobs such as being a sushi chef and a newspaper deliveryman.

Salina received a bachelor of science degree in biochemistry and worked many hours as a technician at a pathology lab in Sacramento.

Jimmy was born and raised in Sacramento. He moved to Florida for a short period of time where he worked as a sushi chef. His wife, he said, was born in Vietnam, but her family moved to Sacramento when she was 5 or 6, and she had lived there since.

"She's OK with the move," said Jimmy. "She was still a little homesick, but I'm OK since I've already moved away once before (to Florida)," he said.

The two bring a well-rounded work experience record to the O'Brien Country Store at 33096 Redwood Hwy.

The store is open 8 to 8 Mondays through Saturdays, and 9 to 7 Sundays. Their phone # is 596-2555.
