office at the south end of Cave Junction.

The valley's attributes also include Lake Selmac out Lakeshore Drive in Selma. Camping, fishing, miniature golf, disk golfing, boating, swimming and hiking are among the attractions.

The Selma community also includes Crystal Kaleidoscope, "a rock shop plus more." And a short distance out Illinois River Road, the Siskiyou Field Institute operates Deer Creek Center For Field Research & Education.

As well, the community includes the Selma Community & Education Center. Various programs are offered; check the bulletin board at the site or see announcements in *Illinois Valley News*, which is available at stores throughout the valley.

Information also can be obtained from the newspaper's Website at illinois-valley-news.com or the chamber of commerce site at cavejunctionoregon.com.

At other locales around the valley, visitors will find Illinois Valley Golf Course, a 9-hole site that will be expanded to 18; Forest Edge Farm, which raises llamas; Suri Futures, which raises alpacas; the

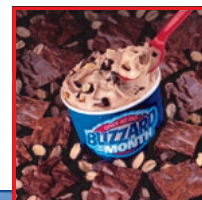

lee Park, Illinois River "Forks" State Park. and Page Mountain Sno-Park.

Illinois Valley has approximately 15,000 residents, stretching as it does from the

So slow down, pull off and look around. Illinois Valley offers Nature's beauty with historical, cultural and artistic attractions. Not to mention fine wine.

We have the kind of food you're looking for!
