*Bryce Phillip Smoker, 23, was arrested at Taylor's Sausage County Store at 1:25 p.m. Smoker had two felony warrants from Josephine County Sheriff's Office (JCSO) for failure to appear for unauthorized use of a vehicle (UUV), possession of a controlled substance (PCS) – meth, and for reckless driving. Smoker was cited to court on July 19 in lieu of arrest.

*Folks claimed they had money to pay when they checked into a hotel in the 400 block of S. Redwood Hwy. June 30. The shysters were penniless by check-out time at 3:26 p.m. July 1. They were escorted off the property and trespassed for one year. If they return, their next lodging will be in JoCo Jail.

*A resident in the 400 block of Queen of Bronze complained of loud music with thumping bass at 10:03 a.m. He claimed that the music was disturbing to him, and that he had a restraining order against his neighbors which expressly prohibited any noise coming from their property. His neighbors were just playing music while working in their yard, so law enforcement was unable to prove intent to disturb the delicate individual.

*At 8:30 a.m., two men and a woman knocked on a slider

door of a home in the 1300 block of Deer Creek Road. The residents had a new big chain on their gate, so they knew the intruders must have jumped a fence or found another point of entry. The trio fled in a greenish Toyota Tercel with out of state license plates, possibly Illinois or Idaho.

*Folks in the 2100 block of Reeves Creek Road did not appreciate a blaring boombox aimed at the bedroom at 7 a.m.

*A gal parked her blue VW Passat outside a gate in the 400 block of Piller Place at 8:44 a.m.

She jimmied a window, then crawled into bed with a guy. Unfortunately, his mother did not approve of his companion and requested that she be trespass.

*A woman in Jacksonville was concerned because her husband was working on a roof in the 200 block of Dick George Road, and she had been unable to reach him for three hours. Law enforcement provided a welfare check, and the fellow was fine. He said he would be more respectful in the future and check in with his family.

*A blue Nissan with a soft top and damage on the passenger side had been posted as stolen on Facebook. An alert citizen spotted the vehicle parked near S. Old Stage Road and Noah's Way at 11:53 a.m. The driver was last seen wearing a hat, shorts, and a hoodie as he headed away from Cave Junction on Caves Hwy.

*Visitors from Washington were warned for open unlawful

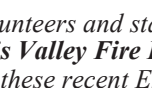

fire, dog off leash, and vehicles in a prohibited area near Green Bridge River Access at 2:11 p.m.

*A gold-colored Chevy Malibu that was stolen from Grants Pass was recovered two miles up Thompson Creek at 11:11 a.m. The tires were missing.

*Campers at Grayback Campground were not happy to discover that their equipment had been stolen at 11:30 a.m.

*A gal in the 100 block of Draper Valley Road thought that her neighbor was trying to kill her because he pointed a laser beam at her house. She also felt harassed because he had a camera in his yard pointed toward her property.

Hoarding and Fire: Reducing the Risk

WHY HOARDING INCREASES FIRE RISKS

- Cooking is unsafe if flammable items are close to the stove or oven.
- Heating units may be too close to things that can burn. They might also be placed on unstable surfaces. If a heater tips over into a pile, it can cause a fire.
- Electrical wiring may be old or worn from the weight of piles. Pests could chew on wires. Damaged wires can start fires.
- Open flames from smoking materials or candles in a home with excess clutter are very dangerous.
- Blocked pathways and exits may hinder escape

HOW HOARDING IMPACTS FIRST RESPONDERS

- Hoarding puts first responders in harm's way.
- Firefighters cannot move swiftly through a home filled with clutter.
- Responders can be trapped in a home when exits are blocked. They can be injured by objects falling from piles.
- The weight of the stored items, especially if water is added to put out a fire, can lead to building collapse.
- Fighting fires is very risky in a hoarding home. It is hard to enter the home to provide medical care. The clutter impedes the search and rescue of people and pets.

How Can You Help Reduce the Risk of Fire Injury

- ◊When talking to a person who hoards, focus on safety rather than the clutter. Be empathetic. Match the person's language. If they call it hoarding, then you can call it hoarding.
- ◊Help the residents make a home safety and escape plan. Stress the importance of clear pathways and exits. Exit routes may change as new items are brought into the home.
- ◊Install working smoke alarms in the home. Test them at least once a month.
