mogirl65@gmail.com**Greeting from Badger Land!**

North Powder seems to be the only place in the area still "badgered" with snow and ice. LaGrande, Union, and Baker all seem clear of snow and ice except for the piles left by the snow plows. How has your week been? Hope all is going well. Seems like something is always happening here. Haines/North Powder Food Bank was this week and 68 boxes were handed out to the community.

Face Lift for Grange

The Wolf Creek Grange will be getting a new look this week. After the Friday lunch bunch several people went to work clearing out the grange as the floor is getting a face lift. The floor will be refinished and will take about a week to dry thoroughly. This work is being done by community service workers. So, for the next two weeks (Jan. 30 and Feb. 6) the lunch bunch will be held at the United Methodist Church.

Booster Station Operational

City Recorder Beth Wendt said the new booster station was up and running and everyone should now have good water pressure.

North Powder has received a grant in the amount of \$101,250 for a new Wastewater Facility Plan. The grant is from the Water/Wastewater Financing Program from Business Oregon Infrastructure Finance Authority. The project is estimated to cost about \$135,000, so the city will have to finance the difference. A request for engineers to submit their qualifications has been sent and the deadline for those to be submitted is Feb. 9.

The city has been operating under a Mutual Agreement Order with the DEQ for the past three years due to non-compliance issues at the Wastewater Facility plant. In addition to the non-compliance issues, new state and federal regulations will eventually discontinue allowing recycled water to be sent to rivers and streams. Under our current DEQ

permit we are allowed to send the treated wastewater to the river during the winter months (Nov.-May).

A new wastewater facility plan would provide alternative options for the treated wastewater as well as making recommendations for dealing with the non-compliance issues.

Public Hearing

A public hearing will be held Feb. 2 at the regular city council meeting at 7 p.m. at the Wolf Creek Grange. This meeting will be to get public opinion on the water project and how they felt it all went.

Library News

The library will be sponsoring the annual Groundhog Breakfast on Feb. 7, from 8-11 at the Wolf Creek Grange. Prices are: Children age 10 and under \$3 which includes two pancakes, one egg, one meat and milk or juice. Adults are \$6 and the meal includes three pancakes, two eggs, two meats and a choice of two drinks. This year delivery will be available within the North Powder City limits.

To order for delivery call 541-786-3723. If no answer please leave your name and number and we will call you back. All proceeds benefit the library. By the way, if you haven't been to the library lately stop in and see what we are doing.

Here we are, the last week of Jan. Can you believe it? I can't. We have snow, of course, in Halfway and in Oxbow they are mowing their lawns, in Richland the ground for the most part free of snow. And the forecast for weather is cold, cloudy, some sun. No huge complaints here. At least the ground is frozen and we are staying away from the mud...for now.

Pine Eagle Charter School

This Friday, Jan. 30, starting at 11 a.m. will be Jr. High Wrestling in Baker City. Also on that day the varsity will travel to Echo, and game starts at 3 p.m.

On Saturday, Jan. 31, Varsity Basketball goes against Wallowa starting at 2 p.m. Come on out and cheer them on!

Dance

A Country Dance will be held on Saturday, Jan. 31 starting at 7 p.m. at the Pine Valley Grange. Admission is \$3 and a couple or family \$5. Lots of fun for the entire family. You are invited to bring finger foods. Punch, coffee, and tea is provided.

Slide and Power Outage

A mud and rock slide between Oxbow and Hells Canyon Dam. So much came down that the road was completely blocked. This started the clean up, no road travel until at least one lane was opened. They had to use dynamite on some of the rocks as they were too huge to just move.

Then on Saturday, while the clean was occurring, a power line glitch of some sort happened. And yes, clear skies, no rain, no snow, no heavy wires...just a power outage. It took the power out in Halfway and Richland for a few hours.

Trees

Lots of commotion at the Richland Community Park. Trees coming down to make way for the new restroom facilities.

Hearts

Whitey Bloom and crew were out starting to hang the Valentine Hearts. All of the hearts have been sold this year (again). The new ones will be painted on Friday starting about 9 a.m. at the Lions Club. If you are looking for something to do on Friday, drop in and see if you can lend a hand. Can't wait to see them all up. The hearts, I should explain are big plywood hearts, a thought is printed on them. Folks purchase the heart throughout each year. It is a great fundraiser for the Chamber, and an awesome street liner of fun.

Next

I couldn't resist. News was fairly quiet this week, and this made me laugh out loud. So sit down and enjoy...oh yes and laugh.
