## St. Charles Neonatal Intensive Care Unit hosting reunion for patients, families and caregivers

BEND, Ore.—Graduates of the St. Charles Neonatal Intensive Care Unit (NICU) as well as their families and caregivers are going to reunite on Sunday, May 15, from 2 to 5 p.m. at the St. Charles Bend Conference Center. It will be a time to connect and celebrate, as well as enjoy refreshments, a bouncy house, carnival games, photo booth and face painting.

St. Charles NICU provides specialized medical care for premature and sick babies with all levels of complications. The NICU operates at level III status, serving infants at all stages of gestational development. As the only designated NICU in the region, the unit cares for fragile newborns from nearby, as well as babies transferred from hospitals across Central and Eastern Oregon.

Those interested in attending the NICU reunion can RSVP at <https://www.stcharleshealthcare.org/Events/NICU-Reunion>.

## Boat Rescue on Brownlee Reservoir

On May 5 at 7:02 p.m., the Baker County Sheriff's Office received a report of a stranded boat with two occupants on Brownlee Reservoir, between Hewitt Park and Brownlee Dam.

At about 8:50 p.m., the Baker County Sheriff Office launched a rescue boat and eventually located the victims approximately 13 miles from Hewitt Park. Sheriff Ash and Deputy Wayne Paxton were able to repair the disabled boat and led the two occupants back to Hewitt Park arriving around 11:37 p.m.

At the time the boat became disabled, there was an intense storm that had traveled through the area. The boaters were found wet but not injured.

The Baker County Sheriff's Office would like to remind boat operators and passengers to pack extra supplies and to be prepared for water related outings. Emergency preparedness items such as warm clothing, fire starter, GPS or Compass and a common tarp can increase the odds of surviving storms and unplanned overnight stays. Also, making friends and family members aware of departure times and specific travel or fishing destinations can decrease time for rescue. Weather can change drastically in a matter of hours in Eastern Oregon and water rescues are especially dangerous at night, due to decreased visibility and often high winds on Brownlee Reservoir.

Please be prepared and boat safely.
