

DOODLES

Gayle Starr is a superb artist whose directions of art are varied and complex. She paints, she draws; she has also assisted in creating plaster casts of live faces. She sketches while on the phone. "These are my doodles," she says of the conifer trees and swirling cosmos on this page. "I do this while sitting in a chair in my living room."

"I love these trees around me," she says. "They all have personalities. I see the wind carve them on the hills. I can hear the wind blowing through them and they smell nice. I can hear them on a windy night before I feel the wind. They have the whooshy sound of water."

She lives in uppertown Astoria, "right where the wind blows up the hill. I can hear storms coming right in the heart of the hills and never feel them, they just blow right over me."

"I grew up in Southern Arizona," she says with a smile. "I am appreciating trees lately."

ALLIANCE FOR DEMOCRACY

The Alliance for Democracy is a new movement that seeks to end the domination of our economy, our government, our culture, our media and the environment by large corporations.

We have united to examine the ways in which various economic interests either enhance or harm the health of democracy and we focus on creating basic change.

Piecemeal reform has been rendered ineffective. We seek deep systemic alterations to establish economic and political democracy.
