

DALE FLOWERS

School begins its annual cycle, but not for Dale Flowers. He has retired from teaching at Astoria High School, possibly to concentrate on his art. He will most likely be missed if responses by former students are a guide. They are not reticent in their friendly and admiring tributes when asked about him. This often happens when they see his cartoons and equate them with him in happy surprise — "Why that's Mr. Flowers!"

So, for those students who remember him fondly, and also for those who might never otherwise be exposed to his teaching or art, we offer a fresh summer bouquet of Flowers.
