OPPORTUNITY NEWS is published weekly for free distribution to seasonal farm workers of this area, and to persons interested in the activities of the VALLEY MIGRANT LEAGUE.

"We must open the doors of opportunity. But we must also equip our people to walk through those doors."
Lyndon B. Johnson
President
United States

"Surely, it is not beyond our resources nor our ingenuity to include in our war against poverty these always 'excluded' Americans (the migrants)."

Sargent Shriver
Director
Office of Economic Opportunity

The VALLEY MIGRANT LEAGUE, sponsor of this newspaper, is a part of the President's War on Poverty and is funded by the Office of Economic Opportunity, Washington, D. C.

WELDING GRADUATES EMPLOYED

(Continued from page 1)

for employment.

The success of the schooling was proved by the fact that all men are now employed by Gunderson Corporation. As one graduate states, "The \$3.37 an hour I now earn is much better than \$1.00 an hour in the field and the work is easier and the employment is steady."

They are all grateful to the V.M.L. for starting them on their new careers.

ESTUDIANTES DE SOLDADURA

(Continuación de la p. 1)

soldadura para conseguir empleo.

El éxito de las clases se provó cuando todos estos señores consiguieron puestos con el Gunderson Corporation. Como dice un graduado, "Los \$3.37 per hora que ahora gano es mucho mejor que el \$1.00 que ganaba en el campo y el trabajo es más fácil y más seguro."

Todos ofrecen sus agradecimientos al V.M.L. Por iniciarles en su carrera nueva.

Dayton VML letter

I have been very happy to see that some acknowledgement has been given to numerous people who have many programs possible under the VML leadership.

But as in our case, Yamhill County area, I feel our VISTA personnel have made a tremendous contribution to the morale and success of our programing.

So, I would like to send congratulations for a job well done in general.

To Virginia Getty, with the assistance of our new VISTA team, Don and Kristine Enderton: they have brought tremendous amounts of good used furniture. Some we are using at our new center, davenport, tables, chairs, rugs, lamps, etc. On the weekends they have transported these items because they have been working on projects such as Day Care and transporting to Day School at Salem.

Judy Collins has been busy daily with our pride, Basic Education Classes, and has assisted us in more than one way.

Terri Terranova has been in Day Care, also teaching, but has managed to keep our teen club together, with busy schedules of ticket sales and meetings.

Jim Houser has been busy with youth projects, tutoring, and trouble shooting at Eola Village while completing the glossary for Yamhill County VISTAs, from all local agencies and helping to move and to nail things at our new center.

Fay Galaviz, our program aide, has been busy with telephone calls and putting things together again.

Pat Sunderman is on vacation. She has been on Day Care and active in class organizations with Virginia Getty and Larry Haines at Carlton and Yamhill, where we started a new G.E.D. class four nights a week, one night for tutoring by VISTAs who are loaded with new projects.

Toni Novak has been active with groups and activities in the County for 4-H and daily runs a tots' nursery at Eola Village. She also tutors night classes at McMinnville and assists our teacher there. She has successfully managed our eye clinic where more than seventy-seven people were helped, and got full cooperation of all our personnel for this program. She also helped a lot to move to our new center.

So you can see, Mr. Wilcox and friends, I have just been told I am the Yamhill County Area Supervisor.

I have moved to a new center and a new job. I have just found out many new things, but the most outstanding one is the wonderful cooperation and assistance of our VISTA personnel, and I want to take this opportunity to mention this to you so we will all know it.

Ruben Contreras,
VML Supervisor, Yamhill Co.

Rincón de Andrea

La belleza de la piel

La salud y la belleza de la piel son muy importante para la mujer mucho más de lo que ella crea.

La mujer pierde la mayor parte de su belleza cuando su piel aparece impura, arrugada o mal cuidada.

Solamente una cuarta parte de la mujeres tienen un cutis perfectamente sano y normal.

Las otras tres cuartas partes tienen algun trastorno de la piel. Como, piel seca, piel demasiado,

grasosa, piel mixta o impura, gada, granos, maltratada etc

Las causas son mala circulación de la sangre, en otras muy m fensa contra los microbios.

La mayoría de las mujeres perdido gran parte de sus tades naturales: La producción de grasas naturales.

Salud y belleza de la piel siempre unidas, tenga un cutis perfectamente sano y normal.

TWO GRADUATES of welding class receive congratulations from Contreras, VML Area Supervisor at Dayton. Herbert Pinion, left, was employed this week at Tigard Foundry. Tom Perry, right, expects employment soon at Tektronix. He will continue as teacher's aide in public at Gervais until June.
