VML center in Hillsboro registers children for day care

By Priscilla Carrasco

"Yes, we want to go to day care, too." These children's words were heard in the different labor camps around Hillsboro. Teachers and volunteers are registering children for day care and summer school. The Hillsboro Opportunity Center has many classes and activities planned for the farm laborers in Washington County.

John Hughes, VML assistant in Hillsboro, is pleased with the enthusiasm shown by the parents and children for the day care program.

All VML Centers are busy this week preparing for the opening of day care and summer school classes. This is an important part of the VML program. We remember again at this time: "Our children are the future."

MRS. MANUELA LOPEZ, mother of 14 children, is pleased that Judy Cochran of the Hillsboro Opportunity Center is registering the youngest Lopez children in the day

care program.

Picture identification, left to right, Esmeralda, Sra. Manuela Lopez, Judy Cochran, Rudy, Freddy, Ricardo, and Reynaldo.

"Sí, nosotros queremos asistir a la escuela durante el día," son las palabras de voces infantiles que se escuchan en diferentes campos donde viven los trabajadores agrícolas en Hillsboro y puntos circunvecinos. Los profesores y voluntarios del programa están registrando a niños de ambos sexos, para el centro de atención para niños, y escuela de verano. El Centro de Oportunidad de Hillsboro tiene muchas clases y actividades planeadas para beneficiar a los trabajadores agrícolas que trabajan en el condado de Washington.

John Hughes, de VML staff de Hillsboro, se encuentra muy contento por el gran entusiasmo demostrado para este programa por los padres y los niños.

Todos los centros de oportunidad de VML se encuentran muy ocupados esta semana preparándolo todo, para el día que principien las actividades del centro de atención a niños y las clases de verano. Este es un programa de mucha importancia y es parte de VML. Recordamos otra vez en este tiempo, que el futuro de nuestro país depende de nuestros niños.

Three Enter OCE work-study program

FREDDIE RUIZ, (left) and Julian Ruiz are two recent high school graduates who will begin college next year at Oregon College of Education. They will attend under the College Work Study program and the Grant in Aid program. There are still openings for other high school graduates.

A couple of weeks ago some high school students went to Oregon College of Education to talk about help in going to college. They didn't have enough money. They had good grades in high school. One of them even earned a scholastic scholarship.

All three have been admitted to Oregon College of Education. The three are Freddie Ruiz, Julian Ruiz and Diane Raymond. They will work in the College Work Study Program in the summer. In September they will start college.

They will get financial help from the College. The adult education program of the Valley Migrant League was glad to help these people start college.

daria. Uno de ellos ganó una beca escolar.

Los tres fueron admitidos en OCE. Los tres son Freddie Ruiz, Julian Ruiz y Diane Raymond. Trabajarán en la universidad este verano en el programa de College Work Study. En Septiembre, ellos principiarán las clases.

Recibirán fondos de la universidad. El Departamento de Educación para Adultos del VML está complacido al poder haber ayudado a estos estudiantes.
