Siuslaw wants its little harbor improved. Oregon is too sure a Republican state to need much out of the sack under the control of Cannon, Aldrich & Co. Siuslaw will not get much. It has decided to go ahead and assess the land benefited for the funds necessary. That is the way to do it. Too much waiting on Uncle Sam has kept back the entire state. God helps those who help themselves. Let he idle racs of land around our harbors ptay for the improving of traffic conditions.

Efforts are being continued to get an independent electric line from Eugene to Florence. Eugene simply must have better shipping and transportation facilities in order to grow and develop her magnificent natural opportunities all around her. Florence is on the coast with a harbor that needs improving, and has resources of enormous value. The two will join hands in spite of all obstructions one of these days, and the value of landed property be augmented an hundred fold.
