JOURNEMEN HORSEHOES No. 41—Meets at 205 1/2 First street, first Tuesday. J. McLean, secretary.

LABOR LEADERS ORGANIZE PARTY.

Spokane, Wash.—With more than 60 delegates from the various labor unions of the city in attendance, who held that organized labor in Spokane County should put a county and legislative ticket in the field, a temporary organization of the labor bodies was perfected Sunday noon of this week to arrange preliminary plans for drafting a platform and selecting candidates.

The delegates from the Farmers' Union and State Grange had been invited to participate in the meeting but failed to

appear. They will be asked to take part in the naming of candidates.

A. W. Swanson, assistant to Commissioner D. C. Comtes, was selected temporary chairman.

It was decided that an attempt should be made to secure legislative candidates but delegates in attendance declared that the present salary of \$5 per day while at the capital would prove a serious obstacle in the way of a wage-worker. It was decided that the unions should make provisions to meet a portion of the expense of their legislators in case they should send a man to Olympia.

Chicago Market, 187 Third.
Boston Market, Third and Ankeny.
Merrie Park Market.

DUTY VERSUS RIGHTS.

(By the Rev. Charles Stelzle.)

Since the birth of the American Republic, we have accepted as supreme the doctrine of "the right of liberty and the pursuit of happiness." In our systems of jurisprudence, and in our treaties upon statecraft and sociology, the emphasis has been upon the "rights" of mankind. We have been hearing about the rights of women, the rights of capital, the rights of labor, civil rights and political rights, until the doctrine of human rights has become a thing working endless confusion and hatred.

In sharp contrast with this method of securing better conditions for mankind and a more harmonious spirit among men, is the doctrine taught by God. In the sacred word there is practically no reference to the rights of man—the emphasis is upon the duty of man.

When the strong oppress the weak, we immediately cry out that there has been a transgression of rights. The New Testament declares that the law of love and brotherhood has been violated.

If the rich operator oppresses the wage-earner, reducing him to a starvation plane; if he so manipulates the market and closes factories so as to prevent the laboring man from enjoying food and comfort, the remedy that the Bible proposes is not in emphasizing the rights of the poor, but in thrusting in upon the employer the thought that in the treatment of his men he is to follow the law of love and of brotherhood.

Human rights will never suffer if human duties be performed. The time has come when duty must be emphasized. The duty of the mistress to the maid, of the maid to the mistress. The duty of the employer to the employee, of the employee to the employer.

Duty then, and not rights, is the supreme need of the hour. For the doing of one's duty will carry one farther along than the mere granting of another's rights. Gradually, men are coming to learn this important truth. The growing spirit of altruism indicates it. The workingman demands justice, and he is right. But God demands more than justice.—His imperative is Love. For love is the fulfilling of the law.

NIGHT SCHOOL FOR FOREIGNERS.

Aberdeen, Wash.—The city school board has inaugurated a night school for foreigners augured a night school for the purpose of giving those who are not familiar with the English language an opportunity to study English and also to secure information through this medium. At the first session of the school 67 applicants presented themselves, and at the end of the first eight days 436 names had been placed upon the roster. The applicants range in age from 16 to 60 years, and include Swedish, Finnish, Polish, German, Norwegian, Italian, Russian, Austrian, Greek and Bohemian races. All attending the school are deeply interested, and the action of the school board will doubtably be crowned with generous results.

NO SHUT DOWN FOR SUMMER.

Pittsburg.—With the thermometer reaching for the top of the tube the iron manufacturers have announced that there will be no summer suspension of the mills. This is unprecedented, for in the past, no matter how rushing business was, there has been a shut down of about a month, and often six weeks, during the heated period.

Labor is as scarce as it was a month ago, and the big corporations are still keeping men at ports of entry on the sea coast to get as many as possible of the foreign laborers coming in. It is stated that the demand for laborers in the iron mills is greater at this time than in many years.

An attempt is being made in Colorado to secure an amendment through the initiative to provide for a recall of supreme court decisions.
