TYPOGRAPHICAL UNION

(By D. O. Gallup, Secretary).

Tomorrow will occur the regular monthly meeting of No. 58, and again attention of members is called to the fact that the meeting place has been changed from the Moose Hall, Royal Building, to Arcanum Hall, Thirteenth Street at Washington, and also that the hour of meeting has been advanced from 2 o'clock, as previously held, to 1 P. M. Limit of time allowed members to sign the attendance roll has also been changed from 3 to 2 P. M.

The committees of the Allied Printing Trades Council having in charge the picnic to be given by the printing organizations at Bonne- ville Sunday, July 16, have made splendid progress in their efforts to provide an attractive entertainment. Seventeen events have been pro- vided by the sports committee, and suitable prizes will be given. In next week's issue a complete pro- gram of the sports will be published. In view of the fact that our first annual event last year was so suc- cessful, there is no need to repeat that this will be even more so. The interest already is great and a record attendance is assured. Tickets have been issued and can be secured from members of any of the allied trades, or at this office. Make up your mind to be there. Train leaves Union station at 9 A. M.

The "hard-times" dance and card party of the Ladies' Auxiliary of the Typographical Union was held Friday of last week in Arcanum Hall, and was very successful, there being at least a hundred present. This will perhaps be the last enter- tainment until some time in October, unless the ladies decide to give an out-doors entertainment of some sort.

W. S. Powers, well known here, but who has been in Seattle for

about two years, passed through Portland last Friday, en route from Seattle to the Printers' Home at Colorado Springs. Mr. Powers has been in rather poor health for several years, and this is his second trip to the Home.

Fred G. Meeker took a traveling card Saturday last and left for Seattle.

Morris H. Crockett arrived Satur- day last with a Medford card.

Carl T. Olsen left Saturday of last week for Spokane and Chicago.

The A. E. Kern Co. is having its work done by the Dunham Printing Co., pending arrangements to open their new office at Fourth and Salmon. This company was burned out about two weeks ago at 212½ First Street.

Two of our members, Gerber and Sholenberg, have left for the Mex- ican border with Battery A.

Don't forget: Union meeting to- morrow, at new hall, Thirteenth and Washington.

Ladies' Auxiliary.

(By Mary V. Shurr.)

The Ladies' Auxiliary of the Typo- graphical Union gave their last dance for the season at Arcanum Hall, Friday, June 23, about one hundred being present.

There were many comical costumes, among the prize winners being Mrs. Wells and Mrs. Stahl.

"Five hundred" was played. Mrs. Forrest winning ladies' first prize and Mr. Gallup drawing the men's first prize. During the evening a "hard-time" supper was served, coffee and doughnuts. Everyone agreed that they had a good time and ex- pressed the wish for some more dances in the near future. The next big event will be the picnic at Bonneville, July 16, given by the Allied Trades.

The next business meeting will be held Thursday afternoon, July 6, at 2 o'clock, in Room G, Library Hall. It is hoped that there will be a good attendance.

An umbrella was left at the hall the night of the dance and can be had by calling Mrs. Howard, Tabor 1290.

Our regular monthly meeting will be held Monday night at the Ore- gonian Building. Let us have a good attendance as many important ques- tions are to be dealt with. Every subject brought into our meetings is of vital importance to each and every member so all should be there, and help make it a lively and inter- esting meeting. The attendance last month was better than the month previous, let us make this better than the last.

Don't forget the Allied Printing Trades Picnic July 16. The com- mittee has arranged for dancing and games, and refreshments are to be sold on the grounds. This should prove to be an enjoyable outing for the members and their families. Tickets are in the hands of the vari- ous shop chairmen.

It has been reported that Wm. Peterson, of the Oregonian, visited the Clackamas Encampment last Sun- day. The militia officers, impressed

by his manly physique and noble bearing requested that he enlist and finally became so insistent that "Pete" fled to keep from being forced into the service.

L. F. Otto has been spending a good deal of his time looking at every small car that is not a Ford. Chas. Owens may be able to give him advice on selecting a machine.

Brother Schmeer recently pur- chased a tract of land near Lyle, Washington, and has made several trips to it in his auto. He will again motor to his farm next Sun- day.
