

**Spring Break:**

The Butte Falls School will celebrate Spring Break from March 20 to 24. Classes will resume on March 27. Don't forget to put this on your calendar!

Extended Area Service:

Last year, a number of volunteers passed petitions to get local telephone access to Medford and Eagle Point. This means that a telephone call to these cities would not be considered long distance. The petition was accepted by the State last spring and hearings will take place in March or April, with final hearings in October. If the State approves the request for local area service, it will take affect in November.
