

FOREST SERVICE NEWS

As the snow melts, you can begin to venture out to the campgrounds and the Sky Lakes Wilderness. The days are getting warmer, but the nights remain cool. Be prepared for drastic weather changes during this time of year. All campgrounds will open just before Memorial Weekend. The only campground the Butte Falls Ranger District takes reservations for is Willow Prairie Horse Camp. This is a very beautiful and popular place. Please call ahead for weather conditions and snow levels. A few trails are opening up as the snow melts. Come by and get a map of the South Fork bike and hiking trails. The Whiskey Springs Interpretive Trail is also popular. Bring your camera!!

Come by and see the new entrance sign, it's beautiful!

The District Office has had to make a decision about their conference room. We can no longer make it available for non-FS public meetings that are not within regular working hours. This decision has been made for safety reasons. Please call if you have questions, 503-865-2700.

On April 13th, the Lion's gave two gift certificates to some very hard working people of our community - lately with the Americorps grant and the many successful projects they have completed. Certificates went to Bill and Anne Tucker and Ron and Joyce Hailicka. Congratulations to a very hard working, dedicated bunch!
