#### **EMERGENCY SERVICES**

##### **Butte Falls Volunteer Ambulance**

The auction to benefit the ambulance service was a great success! The squad would like to thank acutioneer, Col. Jose Acosta and his crew for their time they spent on the auction May 21st in the park. They are a very organized group and they helped the ambulance raise over \$1,600.00! This money will go toward training and equipment, and of course, those monthly bills!!! The Board, Drivers and EMT's can't thank the community enough for their support. They can't list the folks for fear someone may be left out. You know who you are out there -- the folks that made phone calls looking for donations, the donators, especially the kind-hearted donators that worked so hard to bring a cord and a half of hard and soft wood to the auction, and to the folks that came and bid on items -- even items you may not look at again, well, until next years auction when we call for more items!!! You can even bid on, and buy items you donated - just ask Linda Matthews. She seems to have some animal feeders that she may donate AGAIN next year. Thanks again to EVERYONE out there that supported the ambulance service this auction. It touched the hearts of the volunteers to see you out there helping them out.
