OCTOBER 1, 1995 VOL.2 ISSUE 10

CITIZEN OF THE MONTH

The nominations are in! The October Citizen of the Month is our Postmaster, **DAN MURPHY**!

Not just a Postmaster, Dan is also very involved in this community. He is a former Mayor, treasurer, Secretary of the B.F. Historical Society, an active Lion, is a member of the B.F. Economic Development Commission and Watershed Acquisition and Protection organizations.

Dan volunteers for many worthwhile community functions like being a part of the projects that Americorps completed in Town, and being treasurer of Friends of the Library. He has also assisted with writing grants for various projects. He has spent innumerable hours and some of his own funds to contribute to the success of community projects.

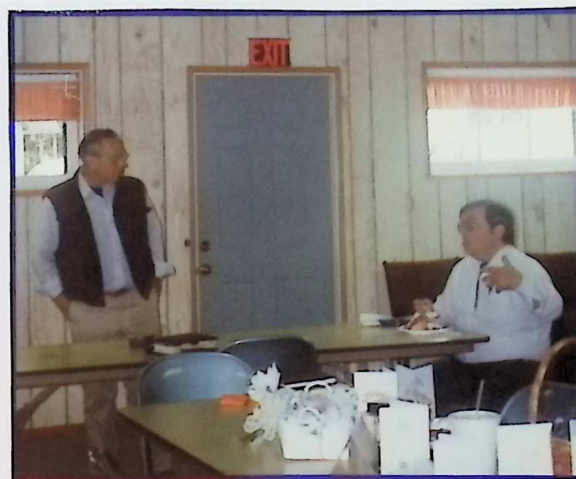

More importantly, Dan is a friend to be valued. He is entrusted with the keys to peoples homes if they need to be away for extended periods of time. He waters their plants and mows their lawn.

Dan is well known for his honesty and integrity. He can be a bit of a curmudgeon if he feels strongly enough about an issue pertinent to the Town's welfare. A great trait when he's fighting for the good of our Town.

Dan assists at virtually every function and does not wait to be asked when he sees a need to be involved.

A friend like Dan is well worth having.

Many of the Citizens of the Month are involved in community projects and functions. If you too would like to get involved and meet some of these wonderful folks, like Dan, join a meeting and get a taste of community spirit!
