

Dottie is an avid crafter and recently put her crafting contacts to work. When she heard that the Forest Jubilee Craft Fair might be canceled, she picked up her phone and began calling all around the state. In a few days she had enough crafters lined up to put on a nice show in the park.

Along with all of these activities Dottie finds time to spend with her husband Frank, to make trips to Brookings and spend time with grandkids.

As busy as Dottie is you might wonder what keeps her going. It has to be a heart of gold and a wonderful sense of humor. Dottie has the ability to have a good time and make others laugh. You may have experienced this yourself at this years Fourth of July parade. She wore a costume and marched as "Miss Dolly". We all had a good laugh.

Dottie put on another of her performances recently at a Lioness Club luncheon. She was their star attraction as "Mademoiselle Doll-e Veah" and nearly brought the house down. A few local citizens were lucky enough to be in the Totem Pole that same afternoon when Doll-e stopped in for a visit. What a sight!

Although Dottie resides outside the town limits, she can frequently be found in town. (Check the Totem Pole Friday night). If you haven't met her, the next time you see her just walk on up and introduce yourself. In a short time you'll feel like an old friend. Thanks Dottie for all your efforts and for the laughs you bring to us. We're glad you are a member of our community. g.karches
