

The other spotlight is on **Karli Krenwinkle**. Karli was born in Medford and has attended school in Butte Falls since kindergarten. She is now a Senior and another of our very active students!

If you have attended any of the high school sporting events then you have seen Karli; either cheering our teams to a victory or out on the court playing basketball or volleyball.

Karli has been in Student Government throughout her High School years and is currently Senior Class President. Other organizations she's been involved in during all four years of high school are; being a Natural Helper, a member of the BFAA, the National Honor Society, and FBLA. In addition to belonging to many school organizations, Karli has received many honors, including; All American Scholar-3 years, National Scholar Merit Association, Who's Who Among American High School Students, and the National Honor Roll.

Karli is in the TAG (Talented And Gifted) Program and took her SAT test while in the 7th grade. One of her elementary school teachers called her "a midget with a six foot brain" a comment on her petite build and her intelligence.

Along with school work, Karli finds time for some fun. She helped organize last years prom and homecoming. She helps with most fund raising events and finds some time for her hobbies which include drawing, reading, horseback riding, and swimming. Somehow, she found time last summer to work at the yogurt shop in the mall!

Karli is one of our Butte Falls students who is always there when you need help. Last month at the scholarship benefit dinner, Karli was one of those serving. When things became hectic in the kitchen, she jumped right in and helped get things under control. She is a bright, energetic, cheerful young lady.

Also a fantastic artist, Karli had her work featured at the high school last year. She said that she has been interested in art all her life, and is glad that Butte Falls offered art class this year.

Karli plans to continue with her art and will major in the field while in college.
