KINDERGARTEN

Students in Mrs. McNeils kindergarten class have been busy learning the letters of the alphabet. While studying the letter 'S', each student had his or her silhouette done on brightly colored paper. After all the silhouettes were completed they were hung on the classroom walls for everyone to enjoy.

FIRST GRADE

Each year the first grade class studies the American Flag, and each year members of the Butte Falls Lions Club present each of those students with a small flag. This year the flags were presented by new Lion members Bev Carrillo and Gloria Karches. The students then displayed their knowledge by answering questions regarding the flag. The ladies were then treated to a beautifully sung song by the students, who were accompanied on the piano by their teacher.
