CLOSE UP

Close Up members and their advisor Mrs. LeFever wish to thank the community for it's support of the group and it's Christmas Wreath project. Approximately 60 orders were received. Each of these orders was filled with a wreath hand-made by a member of the group or one of it's supporters. Special thanks go to Wendy Earl, Desi Grisham, Rene Mitchell, Amelia Grisham, Kathy Herrington and Gloria Karches.

You'll also see Kim cheering during the basketball games as she is a member of this year's squad.

Kim was one of eight Butte Falls students that had the opportunity to visit Washington, D.C. with Close Up. What a memorable time we all had!

Beside all of her accomplishments academically and physically Kim is actively involved in raising a pig for 4-H.

A higher education is definitely planned for Kim's future. Just what college or university she will attend is uncertain at this point. Kim's applying at Willamette, Linfield, George Fox and Oregon State.

When asked about her future plans Kim replied that she would like to major in biology because she may have pre-med in her future. She would also like to play sports, like volleyball or basketball in college.

Butte Falls wishes you much success in all that you do, Kim!!!
