THE CHILDREN'S GARDEN

The herbs are beginning to bloom, this years seeds are in the ground and the kindergarten class recently paid a visit to the garden to turn loose their newly hatched Praying Mantis'. The kindergarten class has been a big help with the garden this year. They have grown plants from seeds, hatched Praying Mantis and are currently raising caterpillars in hopes of having butterflies to add to the garden before the end of school.

Feel free to stop by the Bill Edmondson Memorial Museum for a visit to the Children's Garden.

JUNE

Splishes, splashes, lightning flashes
Powers of showers, then turning cool
Kids can't wait to get out of school
A damp farewell to alma mater
Glory Be !!! It's getting hotter.
