

FROM THE DESK OF THE MARSHAL :

I would like to start this article by saying "Thank You" to the Mayor, Council and Citizens of Butte Falls for choosing me to be your Marshal. I have wanted this opportunity to serve Butte Falls since I finished my tour of duty in the U.S. Army.

I have been approached by many of you and asked what my plans are for improving Police protection.

My plans are very simple. Serve the people of Butte Falls with pride and integrity. My door is always open to everyone. When I am in my office and you see the patrol car in front, feel free to stop in. I will always try to have a fresh pot of coffee on regardless of the time of day.

I will be working closely with the Council and Mayor to establish a Police Reserve program and an Explorer post. I have noticed some of our younger people here seem to be bored with nothing to do. I believe a Search and Rescue Explorer unit would benefit the community and the kids.

I have met with the Mayor and Council to discuss the most prevalent law enforcement concerns. I will be targeting drug use and sales, DUI, alcohol use by minors and suspended drivers with no insurance, very hard. These of course will not be the only enforcement actions but will be the target of intense enforcement. With approval from the Council and Mayor, I intend to establish a multi-agency task force to deal with the drug problem, methamphetamine in particular.

The people of Butte Falls deserve and have the right to live free of these problems. As things start happening, I will let the community know what your police department is doing for you. I believe it is best to give folks the peace of mind and feeling of safety they deserve.

Again, I just want to say "Thank you" to everyone for the support you have given me. I have been made to feel very welcome by all I have met and look forward to serving you all.

Jared Brown
