RECYCLING NEWS

The recycling depot has experienced a tremendous increase in usage over the last couple of months. Most of this usage can be attributed to the fact that our energetic Public Works Manager, Gary Shipley, now opens the depot every weekday. These additional hours give residents a lot more flexibility and make recycling an easier thing to do.

We would like to thank Dennis Burg for his continued commitment to keep the depot open on Tuesday evenings. Carrie Driskell and Dianne Gorman open and close on Saturdays when high school students are not available to man the depot. Thanks to all of you. It wouldn't work without you.

Coming soon. As part of the national Enviro-Bag project, we will soon be able to accept plastic shopping bags at the depot. The recycling center is open weekdays 8 - 4:30, Tuesdays until 6:30, and Saturdays 1-3pm. Milk jugs, clear & colored glass, cardboard, tin cans, aluminum, packing peanuts and plastic shopping bags are accepted.

Local Youngsters along with several parents and a police and fire escort gathered just outside of town on April 3 to cheer on the Odyssey of the Mind Team as they headed to Corvallis to compete in the State Finals. Although they did not place at the tournament, the members of the team had a great time and represented their school and community in an excellent manner. The Bulletin wishes once again to congratulate the Odyssey of the Mind Team for qualifying for the State Finals!
