Well I think we are finally going into a real summer. The visitors are back. I recognize some of the same faces that I haven't seen for the last two summers. It seems like most of the campers are local people. They come up from the valley just to get away from the city. Some of the campers stay most the summer. They drive to work from camp and go home every few days to do laundry and whatever else they need to do. Then there are people like me who live only minutes from camping areas and never seem to find the time to go. I know I am missing out and have promised myself to find the time for a few camping days this summer.

Becky Olsen, along with her sisters Cindy Wright and Johnna Hayes and brother Charlie Olsen from Eagle Point, attended a big family reunion at Whiskey Springs Campground. The reunion started on May 30th and lasted a week. Becky said there were over 100 family members. She said they came from everywhere. Some of the places are Washington, California, Oregon and Idaho. There were three generations and most of the second cousins met for the first time. They spent the week playing games, hiking, fishing and getting reacquainted. All had a great time!

The Totem Pole Bowling Team governed first place honors in the senior fun league that first concluded at the Medford Lanes. Team captain Frank Villa presented Carol and Gary Godden (owners of the Totem Pole) with their trophy. Other team members were Helen Walgamat, Pinochle Poole, Dottie Villa and Mitch Boon and were assisted by substitutes Aloha Adams and Darwin Moore. Dottie won most improved bowler award with a 23 pin increase in her average. Pinchole won most improved award for men with a 10 pin increase. The Villa's son Chuck Eilenbuger completed in the Senior Hi Rollers Tourney in Las Vegas. He did very well winning \$3,000 Plus. Daughter Joan Konopasek scored the Rogue Valley with a high average of 208. Next step for the bowlers is the Senior State Tourney in Albany on July 11th thru the 18th. Good luck bowlers!

A big thanks to Mike Bowles with the Eagle Point Vocational Ag. Dept. for donating 2 pick-up loads of plants and flowers for the benefit of the Butte Falls Scholarship Fund.

A big congratulations goes out to Cindy Stockton and Chris Jostad who both graduated from Southern Oregon University in Ashland with their Bachelor's degree on June 13th. Cindy graduated with a business degree and Chris graduated with a biology degree. Chris has been working at the Butte Falls General Store for the past year. Chris will no longer be working at the store because of new job opportunities and has been replaced at the store by Sue Macy.

Thank you Tom Hayes for doing such a great job as Public Works Assistant. Everything looks so clean. We appreciate your good work.

Due to a great demand Butte Falls General Store now carries an assortment of "PVC" parts.

Our sincerest regrets go out the family and friends of Wayne Curtis who passed away June 20th. Wayne has been a long time resident of Butte Falls and will be missed greatly.

Patrick Kingsolver, BFHS Class of '95, has returned from his tour of duty in Germany and will be stationed at Fort Lewis, WA. He says "hello" and that he is planning to go to college and work with wild animals someday. If you would like to write to Patrick, his address is Patrick Kingsolver, A Company 1-33AR, Box 339507, MDN-312, Ft. Lewis, WA.

Lori Paxton wishes to give a very BIG THANK YOU to a VERY SPECIAL LADY who works very hard for this Town. She is always willing to help anyone when you ask her. She does so much work for the Town of Butte Falls that most of you don't realize it. The WONDERFUL and AMAZING lady is ANNE TUCKER. "Anne, thank you for being such a delight to work with". Lori.
