

MAYOR'S CORNER

It was great to see all of the people who turned out for the community potluck on September 18. Everyone I talked to enjoyed all of the good food that was brought in. It was great after stuffing ourselves at the potluck to relax in the shade at the park and listen to some great music for the rest of the evening. I haven't heard the outcome, but all proceeds from the dance are going toward helping out with the community hall expenses.

We also went uptown and watched the little guys do their bike-a-thon. The riders collected pledges to ride as many laps as possible around the park and high school. Most of these little guys and gals looked pretty tired and thirsty after riding this course for thirty minutes in 85 degree weather. The proceeds from this

event will go to help out with expenses at the youth center. A big thank you to all the people involved in putting these events together.

Whether you know it or not we have a lot of "hackers", I mean golfers in this small community. So get your clubs dusted off and sign up for the upcoming golf tournament to be held either the first or second Sunday in October. The format will be a nine hole, four man scramble. Ladies are more than welcome to participate.

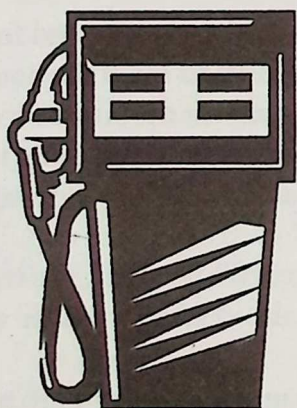

The price will be approximately \$35.00 which includes a cart. So get your team together and if you have any questions call Mike Stritenberg. By the way, Mike's wife, Liz will be making her golfing debut at the tournament. We will have more information about this later and have it posted around town. There will also be refreshments and a hamburger bar-b-q in the big tent following the tournament. All proceeds from this event will be going towards offsetting expenses for the youth center.

Sincerely,

Jack Brown, Mayor
