

Butte Falls High School Students Excel, Again!

by- Dianne Gorman

"How many events did you compete in?" asked a competing student from Medford as Bethany Nelson approached the stage for the 18th time. She sheepishly answered, "I'm respresenting my whole team." Because of a previously scheduled basketball game, the rest of the students from the Butte Falls High School Future Business Leaders of America were not able to stay and receive their awards at the District VI Conference on Feb. 5 at Rogue Community College. Thanks to Mr. Harrington, Dianne Gorman was able to announce these results during the basketball game that evening.

Each student only competed in two events, but the outstanding number of awards shows how well our school competes against Rogue Valley schools; North Medford, South Medford, Rogue River, Grants Pass and Hidden Valley. Anyone who placed 1st or 2nd is automatically qualified to compete at the state conference in Portland in April. Other students can earn their way to the state competition by competing in state-only events and fulfilling their duties in the local club.

Because of the excellent placings of the students, the Butte Falls team placed 1st in the overall competition, historically known as the "Battle of the Chapters". It just goes to show that we may be small, but we are "mighty".

Aren't our kids doing
