

**FROM THE EDITOR...  
HO, HO, HO,**

**I'M A PEOPLE PLEASER!**

**OR...**

**(DANG, I MADE SOMEONE MAD AGAIN)**

This is a letter to let the town's people know that this is a hard job sometimes. Since I have started helping with this paper, I have realized that it is hard to please everyone all of the time (well, actually it is impossible). I get more compliments than criticism with each issue and I do have some fans that keep encouraging me... Thank you. I have gotten some flack for some of the articles or people that have been featured in the paper. I don't enjoy conflict! Right now we have a subject that is kinda touchy (we all know what that is). It is very important that we let both sides speak their mind. But, we do want to keep peace also... I now know why they put the little phrase- "the editor doesn't necessarily agree with these opinions" at the end of articles.

The bottom line is- this world is full of different kinds of people with different views on life. And, like Donnie always says "the world would be so boring if everyone were the same". So, when I'm not being a wife, mom, grandma, running the office for Don Hamann Inc., doing the book work and other stuff for Big Butte Historical Society, Attending a High School Scholarship or Active Club meeting, or doing church stuff and housework,

then I can work on the paper..  
But, don't get me wrong, please!  
When Gloria started asking me to do this I thought the town wouldn't miss the BULLETIN if there wasn't one.

I have changed my mind on that one. People do count on it. And, I am really enjoying the challenge of putting this paper together each month. And, Alan Buchta, Lori Paxton and Anne Tucker have been great helpers along the way.

I have started doing the paper at my home and pretty much on my own for simplicity. Which means I am the only one that takes the criticism or compliments. That can be good or bad....

So, the next time you point out a spelling or grammar error, beware.. there may be a job opening with your name on it. And, don't forget-

"Living in a small town is like having one large family".....

(Boy, Howdy!)

Thank you and Happy Holidays!  
Cory Hamann

Butte Falls Scholarship thanks everyone who contributed to this years silent auction at the "Christmas In The Country Bazaar". We made \$1500 to be given out for college scholarships this year!

**SOME CHRISTMAS CHEER!**

You're Great!

The Butte Falls High School Volleyball team would like to thank all of the friends and family that supported us throughout the season. We would especially like to say Thank-you to everybody that traveled to Eugene and cheered at the state championships. The support was greatly appreciated and the experience wouldn't have been the same without each and every one of you.

Thanks a lot!

Jackie Lyon and Team

My wife and I had the most enjoyable weekend in Eugene recently. We went up to cheer for our Lady Loggers in the state volleyball championships. We expected to have some fun, and did, but we came away feeling very good about our local girls and our community. These girls played their hearts out up there. They dove for every ball, chased down everything and even when things didn't go their way at times, they never pointed a finger or even gave a teammate a negative glance. If someone messed up they were encouraged and made to feel important by their teammates and their fans. What a wonderful group of young ladies and we are very proud of them. When the dust settled they came in 6<sup>th</sup> place. Out of 64 class 1A teams that is pretty amazing. Yes, there were some tears but we hope they realize how fantastic they did. They made it to STATE, played like champions and made a good name for them their selves. Now, we can hardly wait for basketball!

Al and Jill Mialkovsky
