St. Nick Brought Fun to the Smith House!

A good time was had by all on Saturday the 9th of December when St. Nick came into town for a visit. There were at least 130 visitors that came through the doors for goodies, visiting and of course a time to talk with St. Nick.

We would like to say "thank you" to all the helpers that worked hard to make this a success. Looking forward to next years! Our special St. Nick did a great job...

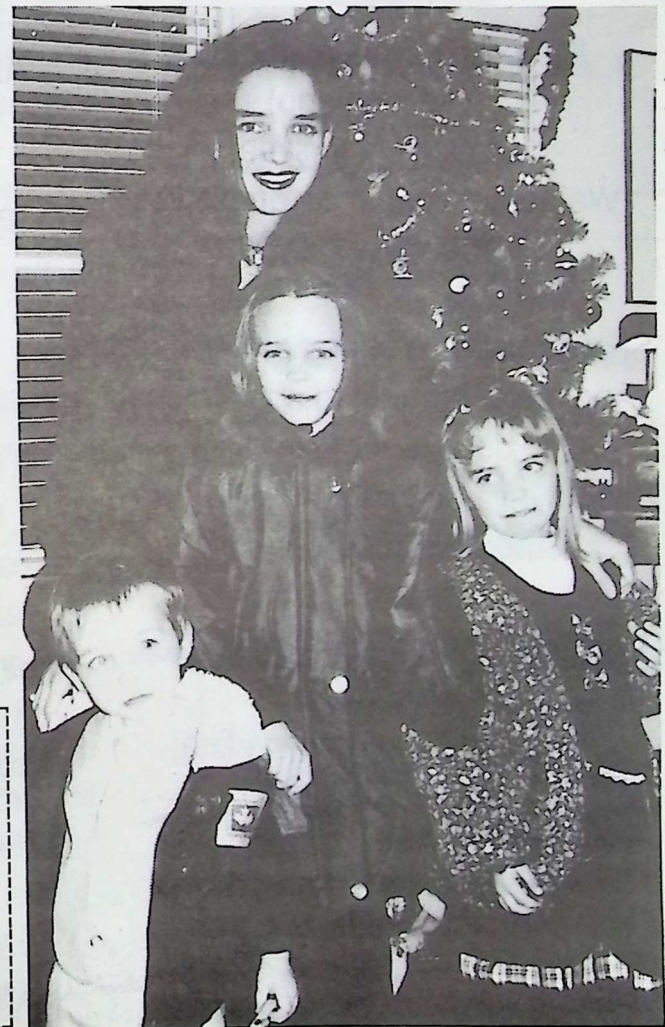

We'll have you been good
or bad? Tell me the truth....
