Working on a fun
project for the
school kids...

A group of caring parents and teachers are concerned with the playground at Butte Falls Elementary and decided it was time to do something about it. The current one is bringing up safety concerns and has become very outdated.

We have started some fundraisers including a mens softball tournament that raised one thousand dollars. We are planning another one June 9th and 10th. We are looking for people that would be interested in helping in the concession stand or wherever needed.

So far we have had donations given from Southern Oregon Sanitation and the Earl Family Foundation which has given us a good start.

But, we still have Twenty-five thousand dollars to go. Any donation will help us reach our goals and get our kids a new, safe play area.

Some of the people that have put time into our project other than the ones on our committee are: Mike Rodgers, Eric Ellis, Becky Moore, Vennia Stephenson, and Linda Rodgers. We are always looking for people with lots energy to help out!

We are working on the first phase and have received over ten thousand dollars thus far. Anything you can do to help would be appreciated greatly! We can't do it without you...

This will be a great improvement for the children of our town. It is nice to know that they have a safe place to play. The great thing is it could keep them very well entertained for hours on end. We would like to "thank you" for any help that you can do towards this project.

If you have any questions please call Melanie Rodgers at 865-7752.

*Good things come in
small packages!
Our kids are in one
of them!*
