

Ladies Lioness News

Butte Falls Lioness Club...Happy New Year!!! 2001 proved to be a good year for our club, much was accomplished. We are saddened by 9-11 events and pledge to renew our efforts in service to those in need. The Christmas Party at the Southern Oregon Sight and Hearing Center for the visually and hearing impaired wound up the year for us with 136 people coming for a complete Christmas dinner and Santa's arrival at the center. I mention this because Lioness Ellen Moore and Lioness Carol Gasperson were up to their elbows in the spectacular food preparations and I was a Santa helper. There were twenty-five hearing impaired youngsters who did not miss a phase of the event because of the Sign Language instructors and parents.

Our regular visually impaired people look forward to this event and of course Santa was there bearing gifts for all. Seeing service in action is what it is all about. The Butte Falls Activity Club demonstrated this fact at their "Santa Night". Our hats are off to them. PEACE, the coming together of all in good fellowship, with LOVE for one another and HOPE for the future was there, seeing all the youngsters anxiously awaiting their turn with Santa makes life worth while.

Our meeting is the first Tuesday of each month, barring holidays...January meeting is the 8th, 2002 at the Community Hall at 1 PM. Ladies, come and meet with us.

Thank you, Ella Pingle

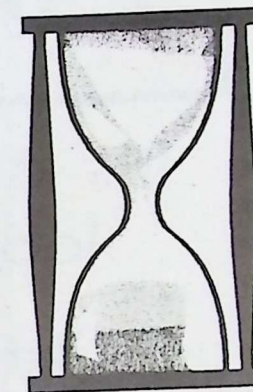

It's a New Year!

Yea, we get to start all over again.
Correct our mistakes from last
year.....

These 6th graders had their hearing checked by the Lions Mobile Unit back in October. The Lions do many good things to help others.
