High School Youth Group

When: Sunday Nights at 6pm

Who: All 9th- 12th Graders.

Butte Falls Community Bible

From Butte Falls Fire Dept.

Wild Land Fire Season Upon Us

Burning restrictions are in effect. Forest fires are serious business. Oregon faced its worst-ever wild land fire season last year. All it takes is one simple, mindless act to re-create another Timbered Rock or Biscuit Fire in our own backyard. And, none of us want that to happen. Practice Wildfire Safety. Here are some helpful tips. For a complete pamphlet on Wildfire Preparedness or for a free home and property evaluation, contact the Fire Department at 865-4383.

- Contact your Fire Department. Make sure that fire vehicles can reach your home. Clearly mark all driveway entrances.
- Report hazardous conditions that could cause wildfire.
- Teach children about fire safety and keep matches out of their reach.
- Post fire emergency telephone numbers.
- Plan escape routes away from your home - by car and by foot.
- Create a 30-100 foot safety zone around your home. If you're in the forest, 100-foot minimum safety zone.
- Rake leaves, dead limbs and twigs. Clear all flammable vegetation.
- Remove fire wood, rubbish and leaves from under structures.
- Remove tree limbs 15 feet from the ground.
- Remove dead branches that extend over your roof.
- Clear shrubs, etc., within 15 feet of a stovepipe or chimney
- Clear a 10-foot area around propane tanks and the barbeque.
- Regularly dispose of newspapers and rubbish.
- Store gasoline, oily rags and other flammables in approved safety cans and place cans a safe distance from structures.
- Stack firewood at least 100 feet away from your home.
- Plan your water needs.

Butte Falls Cafe will be having their famous 4th of July BBQ! Try it out!
