Wildfire!

The time is here that we must prepare for the event of wildfire. This beautiful area we live in could be turned into a raging forest fire in minutes. But, we can all take steps to reduce the spread of wildfire and help firefighters possibly save your home:

- 1) Create a 100 foot fuel break around your home, also known as a defensible zone.
 - 2) Clearly have your address posted. This helps get emergency personnel to your house without delay.
 - 3) Plan several escape routes away from your home, by vehicle or by foot.
- The Oregon Department of Forestry has provided the Butte Falls Volunteer Fire Department with grant money to help our neighbors accomplish this task. If you live out of town and would like help- **AT NO COST TO YOU**-please contact the BFVFD at 865-4383 or Shelly Conopa at 865-7865 or Carrie Driskell at 865-3224.

To all of you wonderful volunteers (Butte Falls Volunteer Fire Department)...

Thank you so much for all you did for me following my auto accident. I understand your response time was 8 minutes. WOW- that is impressive!! I never say your faces, but I knew you were there with me. You were very reassuring. Thank you for giving of your time to help our wonderful community! I feel so very lucky to have survived such an accident and to live in such a caring community. Thank you for contributing to it all!!!
