

## More Good Stuff!!!!

The Active Club would like to hold the annual city wide yard sale again this year, only we would like to make it a GIANT flea market inside the city park. A lot of people in the valley that come up for our sale suggested it, making it easier access for everyone. In the last few years we have only had one or two booths in the park and when potential buyers come up they think no one is participating and turn around and leave. Not good for business. The flea market would be for one day and last all day and us Active Club members would be willing to help you move your stuff to the park the morning of the sale. What do you think? Sounds like fun! Please consider this idea and let us know what you think about it. Until next month when I remind you all again. Lori Paxton

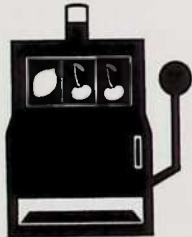

Mac Field Boosters needs more volunteers! Please call Myra @ 865-3400 or Darren @ 865-7148 for more information.

Congratulations to Sue Macy and Kevin Newby for becoming Citizen of the Month for September and October. Keep up the good work! B.F.H.S.

The Town Council would like to thank the following citizens for donating money out of their own pockets to help get rid of the tires at the Recycle Center. Neal Ellis, Ray Macy, Lila McClanahan and Lori Paxton. Thanks so much for caring about this community! Please do not dump your tires at the Recycle Center as we do not take them.

The City Wide Clean Up was a success...too much of a success, it lasted two days. It cost the town a small fortune to get rid of all the stuff that was dropped off. Apparently the \$5 per household fee was not even a drop in the bucket to offset the cost. The next time we hold one of these events we will have to charge a higher rate, but still less than if you had to haul it down town. We would like to give a big thank you to the volunteers who worked the event... Larry Ownby, Shelly Coponoa, Lori Paxton and the students from the Recycle Club at the school. The Butte Falls Town Council.
