*financial assistance available

Community School News!

Greetings, from the Community School. We hope you have recovered from a busy Holiday Season and are eagerly anticipating spring.

Thank you Julie Freeman and Mary Ward for the wonderful job you did on our Ford Family Foundation luncheon on January 14th. Both the food and the presentation were excellent. And thank you to all the community members who came to show their support for the Butte Falls Community School project. What a privilege it is to live and work in a community like Butte Falls!

January started our first community education class. Roni Burg taught a computer graphics class from January 24- February 7. Thank you, Roni.

February will see the beginning of more community education classes. We have community members who will be teaching a variety of classes. We hope that there is something for everyone. We are also offering financial assistance to anyone who would like to take a class but cannot afford it. Let us know if there are any classes that you would like to take or teach. We would love to hear from you. Stop in any time at our office at the District office or drop us a line.

Our next project that we would like completed is the Community Greenhouse. We are planning a hoop greenhouse that will be used by both the community and the schools. We would appreciate any help or input you have.

Hope to see you around.

Small Town Girl Update-
Andrew Lawrence, President & Mrs. Bush and Lilian Lawrence at the White House Christmas Party. Lilian works for the President. She is the Executive Assistant for the Physician to the President. A few months back when the President went to Canada on a Good-will mission, she flew home On "Air Force One" with him and the white house staff. She loves living and working there. She had a dream and made it come true! YOU GO GIRL! Oh, yeah,,, Andrew had his picture taken with the Bush twins, but we won't take up space with that one. He, he.....
