

You're Appreciated!

The Town Council and Mayor would like to give a HUGE thank you to Howard and Linda Morton for their back breaking work of cleaning up the leaves in our city park. Butte Falls has a lot of citizens that volunteer out of the goodness of their hearts. And now we have two more!! Welcome to our community.

Also -

The Town Council and Mayor would like to thank Yvonne Witte for hand delivering the survey flyers last month to each resident and to Bill Tucker for donating a yard light for the sewer treatment plant area. It is nice to know that we have wonderful citizens such as yourselves that people can count on.
Thanks so much!

Firehouse News

The Butte Falls Volunteer Fire Department is considering becoming a Fire District. There are many advantages to us doing this. As a community you would see advantages in regard to quicker response to calls, area-wide coverage and increased quality in education and training of volunteers. You would no longer have to pay a subscription for fire protection. Your fire protection would come under the Jackson County tax base.

As a department, the crew will see benefits in safety. Our gear won't be second hand, this means more protection in a fire. Standards on training will increase and funds will be available to train more of the members. Equipment will be new and state-of-the-art.

If you would like to be part of this history making decision, you can call Chief Jeff Gorman. This is a beginning of an exciting journey for our Volunteer Fire Department and for this community. More information will follow. At this time we are gathering citizens that are willing to assist us on this journey. If you can help us on the sidelines or as a board member, please call Jeff Gorman at 865-4383.
