

News from Big Butte Historical Society....

We are still here and working on some different projects. We have some new shirts for sale in both of the museums and also our new DVD called "100 Year History of Butte Falls, OR" they are for sale for \$20 in most of our businesses around town. They are a great gift for anyone that lives or has lived in our wonderful town. The money earned from the sale of these helps keep our doors open a little longer. Another way you can support us is by paying for a yearly membership. Please come by and see us. Our museums are really something to be proud of and are here for your enjoyment. Thank you! The BBHS Volunteers....
