BASEBALL IS JUST AROUND THE CORNER!

Cal Ripkin Youth baseball is coming around very soon for boys and girls from ages 5 years to 16 years old. We have to have our teams together by the end of February so uniforms may be ordered and games can be scheduled. We still need managers, coaches, field maintenance, and paid umpires. Anybody interested in running a concession stand would also be appreciated.

Also Big News!

Mac Field Booster Club which over sees the Youth Baseball Park is expanding to middle school and high school sports. Our goal is to fund sports in the Town of Butte Falls. Sports programs are getting harder to fund and more expensive to play. We have roughly 160 children that participate in sports from ages 5 to 18. These children all have some kind of parent or guardian and we need your help as well. One hour per week is better than nothing at all. Please help support our (your) kids. The next Mac Field meeting is February 12 at the high school library. Any questions please call Darren Kinyon at 865-7748 or Shayna Dortch at 865-3501. Thank you.....Darren Kinyon,,,,Mac Field Booster President.
