

News from City Hall -

Job opening: Cemetery Maintenance Worker

Closing date for applications - 5-1-07

Job descriptions and qualifications: gravesite maintenance and repair, gravesite marker maintenance and repair, record keeping, grant writing skills, knowledge of historical cemetery rules and must possess a valid Oregon Driver's License and have own transportation.

Hours: 10 - 15 per month. This is a temporary seasonal position. Contact city hall at 865-3262 for an application and more information. EOE

\$**WE STILL NEED HELP!**\$
The Town of Butte Falls still needs four (4) Budget Committee members. If you live within the town limits and you are interested in helping out, contact Carol McGrath at city hall at 865-3262. Last year it only took one short meeting and it's a great opportunity to learn how your tax dollars are being spent. This years meeting will probably be in May.
\$

Wanted: daytime/part-time fire fighters. **Requirements:** must be able to do strenuous work at a moments notice, (and like it). Call 865-4383 or 865-3262 for more information. BFVFD.

A BIG THANKS and GREAT JOB making the city hall look GREAT! Carol & Brian McGrath, Terry Schultz and Lori Paxton all helped in creating a more professional atmosphere in our very old building. Thanks again.....Jeff Gorman.

Kudos to Cher Rydberg for your donation to the Recycle Center! Thanks so much!! City Hall.

Public Works Dept: Spring is upon us again and that means time to clean and get rid of winter time accumulation. Currently the Recycle Center is open on Wednesdays from 8 am to 4 pm and Saturdays 8 am to 4 pm. As we get further into spring we will be opening it back up to Monday - Friday.

Once again we much remind citizens that when the dumpsters are level with the top, **THEY ARE FULL!** Over filling them causes PWD a lot of unnecessary work and money and this will eventually lead to closing the Recycle Center again. So please be considerate and follow the rules. We will try to provide room in the dumpsters, but please be patient as I am only one person doing many jobs. PW Maintenance Officer Shelly Conopa.

Waste Water Plant News: As we get closer to our waster water upgrade, I must bring up a rather unpleasant subject, you guessed it! What in the world are we flushing down the drain? In the wastewater business we like to refer to them as "UNMENTIONABLES" , not only do we not like to refer to them by their actual names but they can be **VERY** damaging to the system. They cause blockages in the lines which could result in sewer system overflow or worse ~ sewage backing up into your home! So please if its trash, please put it in the trash can, not down the toilet. This includes cigarette butts, feminine hygiene products, food, etc.
