

CEMETERY NEWS

Hello to everyone!

I wanted to take this opportunity to let everyone know that the clean-up at the BF cemetery was put on hold due to weather etc. A lot of folks thought they had missed out on the clean up, but this is not the case. I did manage too get the damaged headstone fixed before the heavy snow hit us!! And again, thanks to all who have helped me out, you're the answers to my prayers. I will post a clean-up day as soon as weather permits. I want to say if someone wants to do any projects etc. please feel free to do so, just please be aware of the placement of piles/brush. It is very important not to place and/or burn on top or near any markers & headstones. I want to mention that in Block #3- (next to the pipeline road) up near the Obenchain Road there is a burn pile. There are also other piles made from the trees etc. from the storm. If you want too add to these piles, remember it is important not to cover or enlarge the piles too much, as they'll topple over while burning and cause damage.

I will be attending a meeting in Medford on Feb. 27th representing our cemetery. The topic is about repairs and restoration work. I will be sharing about how the Storm of Jan. 4th effected the cemetery. I will post an up-date next month. Have a good March everyone!!!

Karen Davis

Becky Hayes and Tubs (her dog) have found Ralph's foot! It was located inside a fort off of Truck Road! Thank you for finding it! (Just in case you are reading this for the first time and do not know who Ralph is, Ralph is a statue carved of wood located at the entrance to our city park). Finally Ralph can rest in peace! Thanks again. Karen Davis

I am writing a book and would like to invite anyone who is interested, to share their stories and or family history with me and the world! The title of my book is called "Then and Now." I made a promise to my mother years ago that I would do this, and so my journey has began. I have spent time in the early morning hours up at the Totem Pole, and I must say, there truly isn't a better prescription to life than sharing stories and laughing!! Any stories, family heritage or silly nick-names (etc.) would be greatly appreciated. Please feel free to call and set up a time when we can talk and I can take notes, or write down the information/stories you'd like to share. I want to encourage even the smallest tales. Also, I am very interested in family members/friends and information about people who are buried in the Butte Falls Cemetery. Thank You! Please contact me at (541) 865-3618 or send information etc. Karen Davis, P.O. Box 161, Butte Falls, Oregon 97522
