.....FOUND.....

Black Lab/mix, female dog around the Butte Falls area. People have seen her running since the Jan 4th storm. She is very sweet, seems very shy, but has warmed up and been taken in by the BF Public Works dept, but we can not keep her for very long. If you are missing her or would like to adopt her please call 973-5452 or leave a message at City Hall at 865-3262. She has a lot of love to give to the right person.

She has found a new home – Jerry & Christina Beams.
Congratulations on your new family member.
